

# Looking back on 2025

Together, NSGH, OIGT and KCGH combine expertise in networking, advocacy, science and education to strengthen global health in the Netherlands.

## Platform

We connected global health professionals across disciplines, sectors and borders.

28

activities, of which 19 accredited

1,850+ participants

## OUR SIGNATURE EVENTS

- Global Health Day on appropriate care
- Symposium on colonial history & global health
- Dutch Global Health Film Festival
- Symposium on healthcare for newcomers
- Fall Symposium on geopolitics & global health

## NEW

IN 2025

We launched a **central hub** featuring a shared global health agenda, vacancies and news.

## Advocacy

We amplified urgent global health issues and contributed to public and policy dialogue.

NEW  
IN 2025

We established the **Advocacy Commission** and developed its strategic plan to guide our engagement in public and policy dialogue.

## OUR STRATEGIC PARTNERS

We engaged in national alliances to identify and amplify relevant global health priorities.

## Science

We promoted research, academic exchange and scientific visibility.

8 symposia, including 2 symposia translating PhD research for a wider audience

4 International Health Alerts, compiling 223 abstracts of recent publications in global health

NEW  
IN 2025

We launched Global Health Perspective, an **independent platform** publishing scientific insights, research and articles in global health.

## PHD & THESIS PRIZE

We awarded 3 young researchers for their innovative contributions to global health research.

26 thesis & dissertation submissions

## Education

We strengthened global health education, training and capacity building.

## DIGITAL LEARNING

Our **digital learning platform** continued to grow in both courses and users, making global health knowledge widely accessible.

12 e-learning courses

15 webinars & masterclasses

609 active learners

## NEW

IN 2025

We introduced **Global Health Rounds**, a series of expert-led masterclasses on key global health challenges.

17

Global Health Rounds
